# Ever wished you could **tame that frizzy, dry hair** & bring back the shine?

KeraGreen is a non-toxic, formaldehyde-free keratin treatment rich in organic ingredients to restore the health of your hair, improve its shine and manageability and perform better than toxic alternatives.

**SPECIAL OFFER! For just \$299, get your Kera Green Hair Restoring & Smoothing Keratin & Protein Treatment and receive \$215 of bonuses absolutely FREE!**

#### You'll receive:

- Kera Green Hair Restoring & Smoothing Keratin & Protein Treatment **valued at \$399**
- FREE Tingling Scalp Massage **valued at \$20**
- FREE Shampoo & Conditioner **valued at \$46**
- FREE Blowdry **valued at \$49**

Please note that KeraGreen is not a STRAIGHTENER... It is a hair-restoring treatment that will leave the hair smoother, shinier, and more manageable. After using KeraGreen, it will be easier to smooth the hair with a blow dryer, but you will not experience a permanent removal of the original texture. Once the hair is washed the hair will still have curl or a wave to it. Over time, with the continued use of the product and treatment the hair will begin to appear less textured as the keratin fills in the hair and weighs it down. Each head of hair is unique and may respond differently, so please bear that in mind. For more information please speak with your allura stylist or go to [www.keragreen.com.au](http://www.keragreen.com.au)
